Profile Summary:

Highly motivated and results-oriented ERP Specialist with a proven track record of success in optimizing Source-to-Pay (S2P) and Order-to-Cash (O2C) processes. Expertise in ERP customization, system optimization, and process improvement drives my commitment to delivering value and exceeding business objectives. Seeking a challenging role where I can leverage my technical skills, business acumen, and passion for continuous improvement to contribute to organizational growth.

Key Technical Skills:

1. ERP Systems: Infor LN, SAP S/4 HANA.
2. Database Management: SQL, PL/SQL, Relational Database design.
3. Programming & Scripting: ERP application development, scripting, report building
4. Tools: SAP Ariba, ServiceNow, GitHub, Jira, Linux command line.
5. Process Automation: Workflow configuration, procurement process automation.
6. Business Process Modeling: BPM tools and methodologies.
7. Language Proficiency: C1 level in English and B1 level in French.

Work Experience:

Technology Analyst
Infosys Limited   [22.08.2022 – Present Day]
City: Bangalore | **Country:** India | **Website:** https://www.infosys.com |

1. Led the implementation, configuration, and management of ERP systems, with a focus on S2P and O2C processes, ensuring seamless integration and optimization.
2. Customized ERP systems such as Infor LN and SAP S/4 HANA to meet end user requirements within technical limits, ensuring proper documentation and testing.
3. Coordinated system upgrades, migrations, and monitored performance to maintain business continuity.
4. Achieved significant efficiency improvements through automation of procurement workflows and supplier network management.
5. Utilized GitHub for version control and Linux servers for system configuration and maintenance.
6. Mentored Junior ERP specialists and facilitated knowledge-sharing sessions to enhance team expertise.
7. Received a certificate of appreciation for my contributions to the AGORA project from the client, Siemens Gamesa Renewable Energy.

Technology Support Specialist
Infosys BPM Limited   [21.09.2017 – 19.08.2022]
City: Bangalore | **Country:** India | **Website:** https://www.infosysbpm.com |

1. Designed and implemented relational database and wrote optimized SQL/PL-SQL queries for data extraction and analysis.
2. Integrated ERP system with e-procurement tools such as SAP Ariba and Fieldglass to enhance data flow and reporting capabilities.
3. Collaborated with cross-functional teams to model and optimize procurement lifecycle, including contract and supplier relationship management.
4. Provided level three user support, troubleshooting, and consultancy to resolve complex issues and enhance system functionality.
5. Contributed to business process modeling initiatives, streamlining operations across multiple departments.
